Docker · Figma · Git · GitHub · Agile ·

Slack · Visual Studio Code ·

Analytical Skills · Problem Solving ·

Time Management · Multi Tasking ·

Adaptability · Critical Thinking ·

Attention to Detail

STRENGTHS

💡 Open Minded

✔ Open Minded

💡 Eager to learn and Professionally develop

🕐 Disciplined

PERSONAL PROFILE

I developed strong time management, conflict resolution, and multitasking skills during my career break for motherhood. My crafting hobby helped me build attention to detail, creativity, and a sense of structure. Through self-learning, I enhanced my problem-solving abilities. Now, I apply these strengths as a full-stack developer focused on building accessible, user-friendly software and continuously growing in the field.

EXPERIENCE

Front End Developer   03/2025 - 06/2025

Techlabs, Rotterdam

- Worked on **Leaf+Check**, an AI-powered computer vision web app that detects plant diseases from leaf images.
- Built responsive **React** and **Tailwind CSS** front-end components, improving mobile load time.
- Enabled **mobile** camera capture and **image uploads,** increasing user submissions.
- Participated in **Agile** ceremonies and contributed code via **Git**, reducing review time.
- Supported **user testing** and implemented **UI** improvements based on **feedback**.

Front End Developer   02/2024 - 12/2024

Chingu, Remote

- Contributed to **GlowGuid**, a team-based web app developed during a global remote project.
- Converted **Figma** designs into responsive **React components**, speeding up development.
- Participated in **sprint** planning and daily stand-ups across three time zones.
- Used **GitHub** for version control, maintaining a 95% test pass rate during **sprints**.
- Enhanced **teamwork** and **cross-cultural communication** in a remote,asynchronous setting.

Freelance Web Developer   2016 - 2018

Kadapa, India

- Delivered websites from concept to launch for small businesses and personal clients.
- Built and deployed static websites using **HTML, CSS**, and JavaScript.
- Managed all aspects of project workflow including **design, development,** and **client communication**.

EDUCATION

Nederlands Taal B1-niveau   2025 - In Progress

Albeda, Capelle aan den IJssel

Full-Stack development   2024

Techmongers, Amsterdam

- Front-end : React, TailwindCSS.
- Back-end : Python, Nodejs, and Expressjs.
- Docker,PostgreSQL, and RESTful APIs.

Bachelor of Technology in Computer Science and Engineering   2012

Jawaharlal Nehru Technological University Anantapur, India
